10 mm (T) x 90 mm (W) x 1000 mm (L)

LUMBER CEILING WALL PANEL

SLAB ● TABLE

Each slab showcases the natural beauty of the wood, featuring unique grains and rich colors that tell a story of authenticity and craftsmanship. With its robust structure and durable finish, this table slab is not only a stunning centerpiece but also built to withstand the test of time. Perfect for custom dining tables, desks, or unique furniture pieces, our solid wood slab adds a touch of elegance and warmth to any space. Embrace the timeless appeal of natural wood and create a statement piece that will be cherished for years to come.

SOLID TABLE SLAB

Merbau table slabs are known for their striking appearance and durability. This hardwood features a rich, warm color palette ranging from golden brown to deep reddish-brown, often accented by distinctive grain patterns. Highly resistant to wear and moisture, merbau is an excellent choice for furniture, providing both aesthetic appeal and longevity. Its natural oils make it resistant to pests, making it suitable for both indoor and outdoor use.

RESIN TABLE SLAB

Merbau resin table slabs combine the beauty of rich merbau wood with vibrant epoxy resin accents, creating stunning, one-of-a-kind pieces. The warm, earthy tones of the merbau contrast beautifully with the colorful, glossy resin, enhancing the wood's natural grain and adding a modern touch. These slabs are not only visually striking but also durable and moisture-resistant, making them ideal for dining tables, coffee tables, and other furniture.

WOOD • PELLET

Wood pellets are a smart choice for sustainable heating solutions. Optimize your energy efficiency with our high-quality wood pellets. Made from compressed tropical hardwood sawdust and wood shavings, these pellets provide a clean, renewable, and cost-effective fuel source. Ideal for industries, stoves, boilers, and other heating systems, with consistent heat output and minimal ash residue.
